EXECUTIVE OFFICER SUMMARY REPORT
November 13, 2002

ITEM: 10

SUBJECT: Administrative Assessment of Civil Liability (ACL) against Richmond American Homes for failure to pay annual storm water fees for the facility located at Butterfield State Rd. and Crowne Hill Dr., Temecula, Ca. (Tentative Order No. R9-2002-0290) (*Vicente Rodriguez*)

PURPOSE: To consider the wavier of right to request a hearing from Richmond American Homes, the comments received during the 30-day comment period, and an order adopting assessment of Administrative Civil Liability of \$618 as proposed in Complaint No. R9-2002-0200. If the Regional Board does not adopt the tentative order, the matter will proceed to a hearing at a future Regional Board meeting.

PUBLIC NOTICE: The 30-day comment period for this matter began September 23, 2002 and ended October 23, 2002. The 30-day comment period was noticed on the Regional Board's October agenda, the Regional Board's web page, and in three local newspapers. The State Water Control Board's (State Board) Water Quality Enforcement Policy recommends that a public comment period should be provided prior to the settlement of any ACL.

DISCUSSION: The item before the Regional Board is to consider the adoption of an order assessing civil liability.

On August 2, 2002, *Complaint No. R9-2002-0200 for Administrative Civil Liability* was issued by the Regional Board Executive Officer to the discharger, Richmond American Homes. The discharger is alleged to have failed to pay the required annual storm water fees in the amount of \$250 in FY 2001-2002.

The discharger, upon receipt of Complaint No. R9-2002-0200, paid the proposed ACL amount of \$618 for failure to pay the annual storm water fee and waived the right to request a hearing before the Regional Board. The discharger has also paid the outstanding annual storm water fee of \$250.

BACKGROUND

The Richmond American Homes construction site is located at Butterfield State Rd. and Crowne Hill Dr., Temecula, Riverside County, see the attached map (Supporting Document No. 1).

The discharger held waste discharge requirements prescribed by the Regional Board and, therefore, had to pay an annual fee pursuant to Section 13260 of the California Water Code. The annual fee was computed in accordance with Water Code Section 13260 and Title 23, California Code of Regulations, Section 2200.

The violation for non-payment is deemed to have occurred for Fiscal Year 2001-2002 from February 7, 2002 to July 31, 2002, or 174 days.

As of October 31, 2002, according to the Annual Fee Remittance System database maintained by the State Board's Division of Administrative Services-Accounting Fee Unit, the outstanding annual fee of \$250 for the fiscal year 2001-2002 annual storm water construction permit has been paid. This site is now fully in compliance with the outstanding fee. This site is not an active construction site and no longer continues to be regulated under the State Board's storm water construction permit.

Civil liability should be imposed on Richmond American Homes by the Regional Board in the amount of \$618 for the violations cited above. The civil liability is based on a greater emphasis for the first 90 days after the fee was due (assessed at \$5 per day for the first 90 days and \$2 per day from 90 to 174 days late). This is the same rate used in other ACL complaints issued on the same date for unpaid storm water annual fees. The calculated average liability per day is approximately \$3.55.

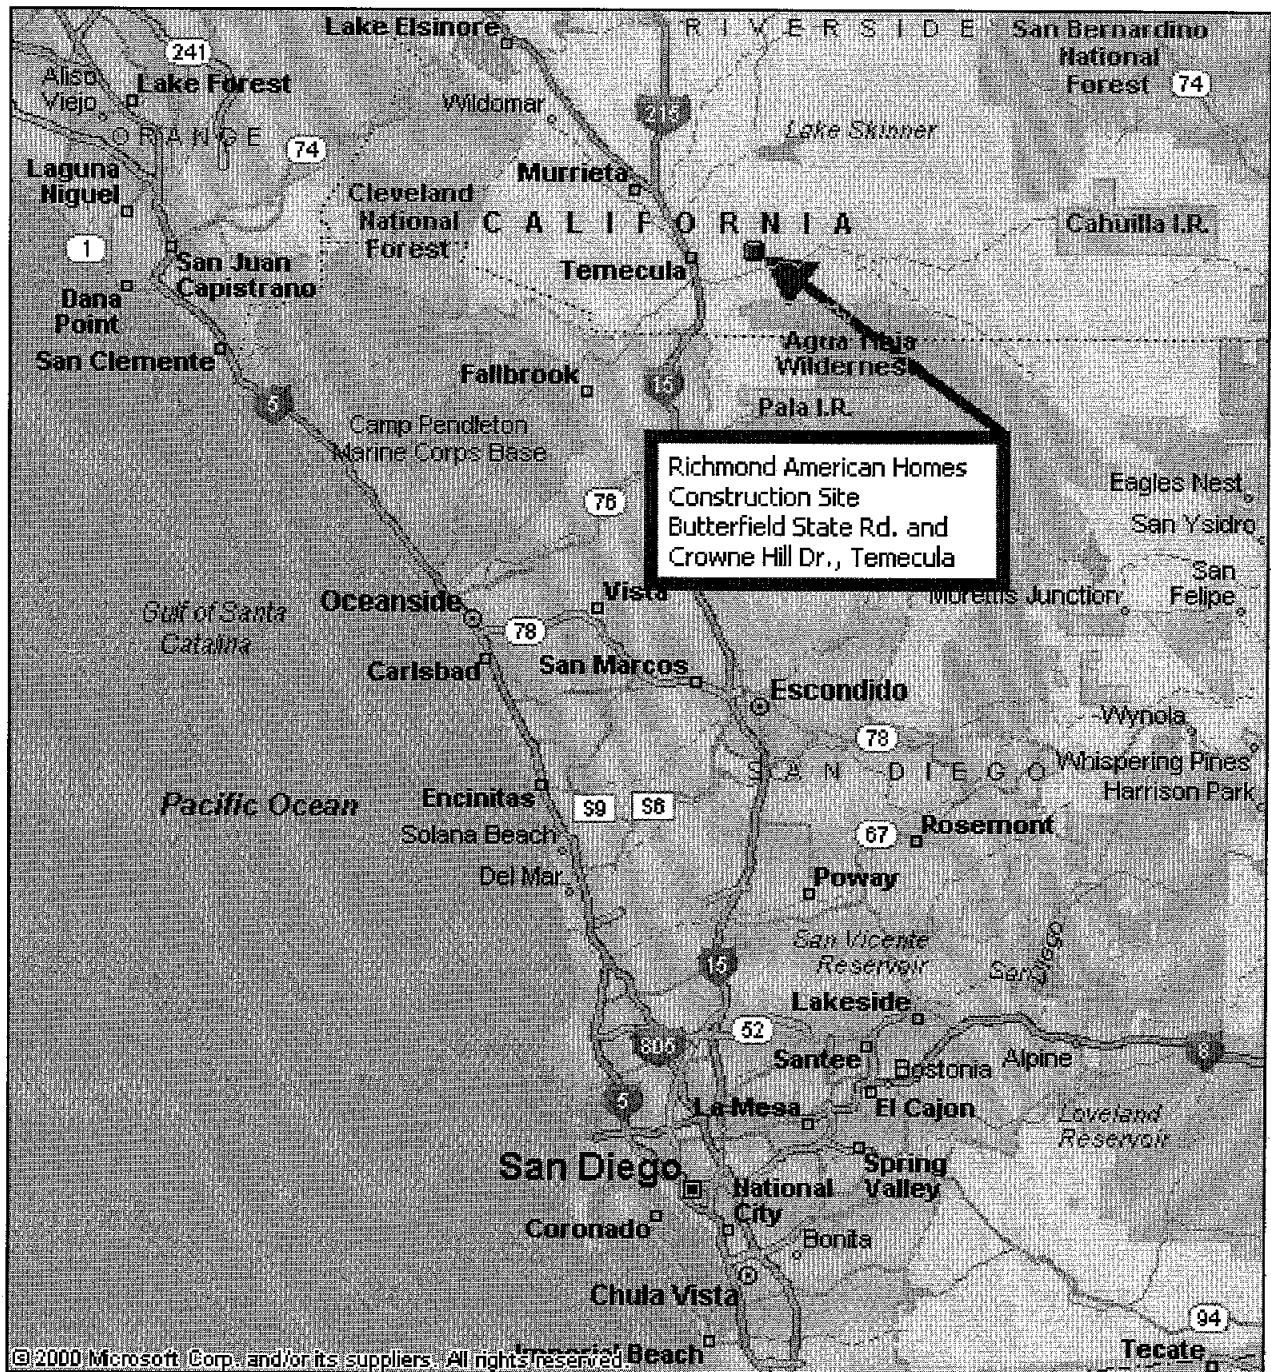

No comments were received during the public comment period.

LEGAL CONCERNS: None.

SUPPORTING DOCUMENTS:

1. Location Map of Construction Site
2. Tentative Order No. R9-2002-0290
3. Waiver of Hearing Form signed by discharger, Sept. 4, 2002
4. Complaint No. R9-2002-0200 dated August 2, 2002

RECOMMENDATION: Adopt tentative Order No. R9-2002-0290.

**ADMINISTRATIVE ASSESSMENT OF CIVIL LIABILITY
AGAINST
RICHMOND AMERICAN HOMES
41500 MARAGARITA RD
TEMECULA, RIVERSIDE COUNTY
FOR FAILURE TO PAY ANNUAL FEES**

The California Regional Water Quality Control Board, San Diego Region (hereinafter Regional Board), finds the following:

1. Richmond American Homes violated Section 13260(d) of the California Water Code which requires that each person for whom waste discharge requirements have been prescribed pursuant to Water Code Section 13263 shall pay an annual fee according to a fee schedule established by the State Water Resources Control Board (State Board). Richmond American Homes, hereinafter discharger, is regulated under WQ Order No. 98-07, Construction Storm Water Permit. The discharger's total unpaid annual storm water fees in this matter were in the amount of \$250 for the construction site located at Butterfield State Rd. and Crowne Hill Dr., Temecula, Riverside County.
2. On August 2, 2002, the Executive Officer, in *Complaint No. R9-2002-0200 for Administrative Civil Liability (ACL)*, proposed imposition of civil liability in the amount of \$618 for the violations alleged in Complaint No. R9-2002-0200.
3. The discharger, upon receipt of Complaint No. R9-2002-0200, paid the proposed ACL amount of \$618 for failure to pay the annual storm water fee and waived the right to request a hearing before the Regional Board. The discharger has also paid the outstanding annual storm water fee of \$250.
4. On November 13, 2002, the Regional Board held a hearing to solicit public participation in this matter, and considered the comments of interested persons regarding adoption of this Order.
5. Consideration of the factors prescribed in California Water Code Section 13327 based upon information available to the Regional Board prior to the hearing and described in greater detail in Complaint No. R9-2002-0200 supports assessment of civil liability pursuant to Water Code section 13263 in the amount of \$618.

November 13, 2002

6. The adoption of this Order is an appropriate resolution of the violations alleged in Complaint No. R9-2002-0200 because of the following reasons:
 - a. The assessment of \$618 is a sufficient amount of liability to deter this discharger and other dischargers from not paying annual fees in the future.
 - b. The assessment of \$618 is consistent with the State Board enforcement assessment matrix for violations characterized as Minor compliance significance and Minor environmental significance.
7. The Regional Board incurred costs totaling \$1,280, which includes preparation of enforcement documents, and public hearings.
8. This enforcement action is exempt from the provisions of the California Environmental Quality Act (Public Resources Code, Division 13, Chapter 3, Section 21000 et seq.) in accordance with Section 15308, Chapter 3, Title 14 of the California Code of Regulations.

IT IS HEREBY ORDERED, that pursuant to Section 13261(b) of the California Water Code, that civil liability be imposed on the discharger, Richmond American Homes in the amount \$618.

I, John H. Robertus, Executive Officer, do hereby certify the foregoing is a full, true and correct copy of an order imposing civil liability assessed by the California Regional Water Quality Control Board, San Diego Region, on November 13, 2002.

YOU ARE HEREBY GIVEN NOTICE THAT:

- 1) Richmond American Homes is alleged to have violated provisions of law for which the California Regional Water Quality Control Board, San Diego Region (hereinafter Regional Board), may impose liability under Section 13261 (a) and (b) of the California Water Code.
- 2) If Richmond American Homes intends to waive its right to a public hearing before the Regional Board, an authorized agent must sign and return the enclosed waiver form with a cashier's check for the amount of \$618 by 5:00 P.M., Tuesday, August 20, 2002.
- 3) A public hearing on this matter has been scheduled at the Regional Board meeting on

**September 11, 2002,
at the Regional Board Meeting Room,
9174 Sky Park Court, Suite 100, San Diego, California.**
- 4) The meeting is scheduled to begin at 9:00 a.m. A copy of the agenda for the September meeting, which provides information pertaining to submittal of information and hearing procedures, will be sent to you under separate cover toward the end of August 2002.
- 5) At the hearing, Richmond American Homes will have an opportunity to be heard and to contest the allegations in this complaint and the imposition of civil liability by the Regional Board.
- 6) At the hearing, the Regional Board will determine the validity of the allegations contained herein, and if the allegations are found to be true, will consider whether or not to assess civil liability in the amount proposed by this complaint, or in some other amount. The Regional Board may refer the matter to the Attorney General for judicial assessment of civil liability (with higher maximum liabilities for each violation).

ALLEGATIONS

- 7) Richmond American Homes is alleged to have violated Section 13260(d) of the California Water Code which requires that each person for whom waste discharge requirements have been prescribed pursuant to Water Code Section 13263 shall pay an annual fee according to a fee schedule established by the State Water Resources Control Board (State Board). The outstanding fees total \$250 for the facility located at Butterfield Stage Road, Temecula.
- 8) The following facts are the basis for the alleged violations in this matter:
- 9) Waste discharge requirements for discharges of storm water associated with construction activities have been issued to Richmond American Homes and an annual storm water fee has been assessed accordingly. Richmond American Homes was sent the following invoices:
 - a) Invoice No. 39188 for the amount of \$250 sent Jan. 8 and due Feb. 7, 2002 for Fiscal Year 2001 – 2002 (FY 2001)
 - i) First late notice sent on March 15, 2002
 - ii) Second late notice sent on May 29, 2002
- 10) The violation for non-payment is deemed to have occurred for a total of 174 days based on the following days:

Fiscal Year 2001-2002 from Feb. 7, 2002 to July 31, 2002, or 174 days.
- 11) State Board records indicate that Richmond American Homes has failed to make payment in response to the invoices and notices.
- 12) On April 29, 2002, the Regional Board sent Richmond American Homes a staff enforcement letter that noted the outstanding annual fee and notified Richmond American Homes that failure to pay required annual fees is a violation of provisions of the California Water Code and subject to Administrative Civil Liability Complaint assessing monetary penalties.

MAXIMUM ACL

- 13) Pursuant to Section 13261(b), the total maximum assessment for which Emerald Ridge Partnership is civilly liable is \$174,000 (\$1,000 for each day of violation) for the violation cited above.

Pursuant to the State Water Resources Control Board's Water Quality Enforcement Policy, all ACLs that are not Mandatory Minimum Penalties should be assessed at a level that at a minimum recovers the economic benefit.

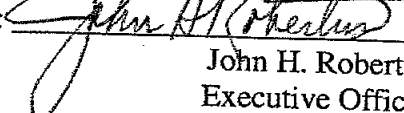

August 2, 2002

Therefore, the monetary liabilities should be calculated to negate any economic benefit realized by the discharger as a result of the violation. While the fees have remained outstanding, the discharger has continued to enjoy the privilege of discharging waste. During this time, other dischargers have paid the required fees. The discharger has gained an economic benefit in the amount of the fee (\$250) and interest (approximately \$12, assuming 10% per year) which might have accrued on that amount. Therefore, the proposed civil liability shall be within the range of \$262 and \$174,000.

PROPOSED CIVIL LIABILITY

- 14) The proposed amount of civil liability attributed to each violation was determined by taking into consideration the factors specified in Section 13367, economic savings, as well as the maximum civil liability that the Regional Board may assess. **Civil liability should be imposed on Richmond American Homes by the Regional Board in the amount of \$618 for the violations cited above.**
- 15) The proposed complaint (\$618) is a separate amount and does not include the amount due (\$250) for payment of the delinquent annual storm water fees
- 16) The Regional Board costs for investigating this incident were approximately \$640.
